Supplemental Amendment

Assistant Commissioner for Patents Washington, D.C. 20231

Sir:

MAR 2 1 2003

Further to Applicants' amendment of January 27, 2003 and following a telephone interview with Examiner Brown on March 20, 2003, Applicants respectfully request entry of the following amendments.

<u>In the Claims</u>: Please cancel claim 8, without prejudice. Replace claims 1 and 7 with the following substitute claims:

1. (Twice Amended) A method for performing cell-based operations capable of identifying single cell status, employing a microfluidic device having (i) a reservoir containing cells for said cell-based operations, said reservoir containing an appropriate viable cell supporting medium, (ii) a first capillary channel in fluid transfer relationship with said reservoir, (iii) an electroosmotic pump comprising a second capillary channel in fluid receiving relationship with said first channel, (iv) an electrokinetic medium in said second capillary channel and (v) a pair of electrodes for creating an electrical field in said electrokinetic medium for moving electrokinetic medium in said second channel, and (vi) a detector, said method comprising:
